

## SMOKING ON SCHOOL PREMISES

The Board of Education is committed to providing a healthy educational, work, and recreational setting for all people. To this end, the Board expects that the federal and state legislation designed to limit the use of tobacco-related products be implemented to the full extent of the law. Therefore, in accordance with federal and state law, the Board prohibits smoking or other tobacco use, including electronic cigarette(s) (e-cigarette), personal vaporizer, or electronic nicotine delivery system, at all times in all school buildings, on school property, at school-sponsored activities, and in any vehicle used to transport children or personnel.

This policy is to be shared with all students, staff, and visitors as is deemed appropriate by the Superintendent of Schools.
