## Section III Additional Pertinent Information

\*The plan will be provided at the BOE meeting for your perusal. It is a large document, contained in a three ring binder. This binder was shared with the members of the Outcomes and Assessment Committee on November 4, 2010. In order to save on paper (and to go green!), I have made only one copy for the Superintendent's office, which is required, one for the NYSED Office of Curriculum and Instruction and one for our Athletic Office. I will be available to answer questions at the BOE meeting on November 18, 2010.
