Hi Tricia,

I just called Holy Family and they have built a new house in Lowman. So I did change the address and now he is an Elmira student. 1 out of 39 – not bad.

Tricia – regarding the attached list of students, there is only one on there who doesn't below.

Benjamin Shultz – Holy Family Elementary tells me he is now an Elmira City School District resident.

The other 39 students listed are all still ours. Thanks!

TO: Board of Education
FROM: Joseph Hochreiter
SUBJECT: Approval of 2010-11 Student Health Services Rate

Pertinent Information

Public school districts not only provide health services to their own students but also for students of private and parochial schools within the district. If students attending the private and parochial schools are not residents to the public school district, the public school district receives reimbursement for providing these services from the public school district where the students reside. The rate charged is calculated annually and is based on the current year's budgeted expenditure for health services. The Health Services Rate for non-resident students is calculated for the Elmira City School District on an annual basis in accordance with regulations for the Commissioner of Education. The rate is based on estimated expenditures for health services, psychological services, and social work services. The approved 2009-10 rate was \$335.03.
