President's Remarks

Vice-President Michael Buck stated that he will be acting in President Lynch's absence tonight as President Lynch is attending a funeral out of town. Vice-President Buck explained the process for the Questions and Comments Section which will be next on the agenda.

Agenda Changes

Vice-President Buck stated there will be an Executive Session directly after tonight's Regular Session to approve CSE/CPSE recommendations, the Superintendent's Evaluation and Contract and to report on Collective Bargaining Negotiations.

Questions and Comments from the Public

There were no Questions or Comments from the Public.

Awards, Honors and Recognition

Superintendent Ralph Marino recognized the following honors and achievements:

- Superintendent Marino stated it is his pleasure and an honor to recognize Susan Swartwood, Bus Driver and Registered Nurse, Corey McMann, Scott Rockwell and Ashley Bowes who went to the assistance of a student who suffered a medical emergency while on the school bus which was enroute to school on the morning of May 20th. Ralph is very impressed with each of them and thanked them for their courage, compassion and character.
- Middle School students and staff raised approximately \$900 for rebuilding efforts in Nakagawa, Japan, following the earthquake there. The fund drive was coordinated by the school's Raider World program. Ralph is very proud of them for extending their community service world wide.
- The High School Academic Challenge Team won the Tompkins-Cortland Community College High School Challenge, beating out 26 teams from 24 schools. Team members are Shaunak Amin, Tim Claypool, Zach Cowle, Ken Lewis and Michelle Pedicone. Zach and Shaunak also won all-star awards for having the most correct answers of all the participants. Ralph is very, very proud of these students.
- The Intermediate School collected spare change for the rebuilding efforts, donating \$200 to the American Red Cross.
- Junior Aaron Kelly is a Relay for Life All-Star raising well over \$3,000 for the American Cancer Society. He's one of the driving forces behind several schools' fundraising efforts for the Relay for Life, encouraging them to pick a day to wear purple and raise money. To date, Gardner Road has raised \$1,066.77, far exceeding their goal of \$500. Ridge Road raised \$518 and the Intermediate School raised nearly \$400. Ralph is very, very proud of Aaron for spearheading this worthy event and very proud of the staff and students for making contributions to it.
- The Middle School raised \$1,784.27 for Juvenile Diabetes Research Foundation.
- High School Students in the Health Occupations Programs at GST BOCES attended the New York State Health Occupations Students of America Conference in Syracuse in April. Katherine Lynch and Emily Clark, along with two students from Edison, placed first in the Bio-Medical Debate category. Erika Strong placed first in Nursing Assisting Skills. Cory Sweet placed first in Medical Math and third in Prepared Speaking. Stephanie Shepard participated on the second-place winning team in the Bio-Medical Debate. Ryan Oksinski placed second in Extemporaneous Speaking. Additionally, Renee Condie was elected Region D Vice-President next year and Heather Kinner was elected Historian. Ralph is very proud of these students.

Cont'd

- 2010 Graduate Anne McAdoo is currently in Joplin, Missouri, assisting with the clean-up, search and rescue and operation of shelters in the area devastated by tornadoes last weekend. Anne is serving with the AmeriCorps.
- High School Students in the GST BOCES Career and Technical Education programs participated in the New York State Skills USA competition in Syracuse in April: Kaitlyn Wilkinson, first place in the Pre-School Teaching Assistant event, Brianna Borden, Ariel Cook and Jo Faulkner, first place, Occupational Health and Safety Team, McKinzie LaFever, second place, Chapter Display. Ralph is very proud of these students.
- Kaitlyn Wilkinson was the CTE Student of the Month for April at the GST BOCES Bush campus.
- The Grade 8 World War II Teach-In won the Program Excellence Award at the Chemung County Youth Bureau Donahoe Awards Ceremony May 16th. The Middle School's Raider World Program was nominated and honored as well. Ralph is very excited that these two programs were recognized.
- The Varsity Cheerleading Team was named Northeast Champions in the Varsity division at a national competition in Rhode Island on May 7th. Ralph is very proud of them for participating in competitions even during the off season.
- Corning Incorporated has contributed \$6,000 to the third-party evaluation of the pilot of the inquiry-based program of the STEM Pipeline Initiative. This is a very generous donation.

Board Member Mark Brinthaup recognized that three, possibly a fourth, of the students who received scholarships through the Southern Tier Masonic Charities were Horseheads students.

Board Member Mary Anne Holleran commended Cindy Harrington, the Teacher, responsible for publishing "Visions and Voices." It is a phenomenal booklet. The writings are amazing.

Presentations

Energy Management Update

High School Science Teacher Dan Delorme, Manager of the District's Energy Management Program, updated the Board on the Program and the savings that have been realized through energy management. He stated there has been a savings of nearly \$45,000 since the heat has been lowered in the buildings from 72 degrees to 68 degrees. Dan also reported that by turning off the heat on weekends and beginning at 3:30 PM during the weekdays there has been a savings of more than \$14,500. The total cost avoidance for the year-long period from February 1, 2010 to January 31, 2011 was \$1.46 million, a savings of 35%. Since the Program began in February 1997, the District has avoided nearly \$17.5 million in energy costs. Dan stated the goals of the program are to minimize energy waste, maintain comfort in occupied areas and save money, without

changing the instructional environment. The District uses EnergyCap Pro software for energy accounting that begins with usage during the base period, adjusts for temperature changes, building size changes, billing period lengths, develop adjusted baseline and applies to current rates. Dan stated changes in the District that had an effect on utility consumption include new computers and other technology tools, heating changes, new air conditioners, elevators, etc. Dan stated the cost avoidance for February 1, 2010 through January 31, 2011 was \$516,119.72, the annual operating cost of the Program is less than \$15,000 and the Program pays for itself in about ten days each year. Two weeks of cost avoidance equals an average of \$19,850.76. Future goals include continuing to promote, implement the energy management program and continue to purchase our natural gas and electric supplies from the New York School and Municipality Energy Consortium, install control points for the High School Library and Guidance area, look at the pros and cons of motion detectors and remove the boiler from the High School North Dock Room and consolidate to the High School North Main boilers.

Board Member John Lively commented that he noticed the greatest savings were at the Sing Sing complex and inquired as to why the complex was so less efficient at the start of the program. Dan explained that at the start of the program, the people in the building were doing such a good job of being energy conscious that the expense was very low. When it is so well run to begin with, you will never get from 15% to 30%. We had huge numbers in the Middle School, but then we installed new boilers, new windows, doors and a roof which continues to bring the expenses down.

Board Vice-President Michael Buck thanked Dan for a very thorough report, for all the work he does and the enthusiasm which he does it with. This is great that we have saved \$516,000 in one year. This is very important for the public to understand that we are also doing everything we can to save money in order to keep the taxes low.

Internal Audit Risk Assessment Report

Jessica Lawrence, the District's Internal Auditor, presented an overview of the Internal Audit Risk Assessment Report. She reported on the Audit Scope, Objective, Methodology and Operations of the District and assigned risk levels. Jessica reviewed the three categories of risks: Inherent Risk, Control Risk and Residual Risk. As a result, she recommended that next year, 2011-2012, she would like to focus on governance and control. The Board was in agreement of this recommendation. Board Vice-President Michael Buck thanked Jessica for a very thorough and informative report.

Superintendent's Report

Proposed 2011-2012 Board of Education Meeting Dates

Superintendent Ralph Marino presented the Board with the proposed 2011-2012 Board of Education Meeting dates. Ralph pointed out that the meetings will

continue to be held at 6:00 PM on the fourth Thursday of the month. Ralph wanted the Board to note there will be a Special Meeting of the Board of Education on August 11th from 8:00 AM to 8:30 AM to act on the Tax Warrant. He also noted the NYSSBA Convention will be held in Buffalo from October 27th – 30th. Ralph noted the Board's Business Meeting will be held on Thursday, October 27th, which would give the Board the opportunity to drive to Buffalo on Friday to attend the convention. Board Vice-President Michael Buck stated it would be very beneficial to have Board representation at the Convention. With most of the activities beginning on Friday, we wouldn't miss much on Thursday and we could still bring good information back to share with other Board members as we have done in the past.

Board Vice-President Michael Buck brought the donation of a trumpet valued at \$50.00 and two music stands, one metronome, and an assortment of music valued at \$100.00 to the Middle School to the Board for Board action. Michael stated that Mr. Tom Laszaski, of Horseheads, graciously made the donation to the school.

Assistant Superintendent’s Report

Data Center Update

Assistant Superintendent Alice Learn reported that the on-line Data Center has been updated to reflect the current state data on district-wide assessment and now provides the last two years of data for comparison. We now have the 2009-2010 along with the 2008-2009 data. We also added a disclaimer to it. She encouraged everyone to look at it when they have a chance. Alice stated this would not have been possible if it wasn’t for the collaboration of the Outcomes and Assessment Committee along with the expertise of Dave Bates, GST BOCES. He took our vision, designed it and put it into action. Board Member John Lively stated this is a great tool to have available and believes that it sets a standard for the State. Alice stated we have received a lot of compliments on it. There isn’t another like it in this area. Board Vice-President Michael Buck commended Alice on the completion of this huge undertaking.

Demographic Software Update

Director of Secondary Education, Jay Hillman, and Director of Elementary Education, Virginia Abrunzo, reported on the demographic software that is now being used in the Educational Support Center. The software, which was purchased as a part of the Ten-Year Strategic Planning Project, shows the distribution of students’ residences, student achievement data and enrollment projections.

Director of Human Resources Judy Christiansen brought recommendations from the Human Resources Sub-Committee to the Board for Board action. She stated this report was reviewed by the Human Resources Sub-Committee. Judy stated that we will miss Neva's expertise in the area of virtual field trips and wish her well in her retirement. Judy also wanted the Board to note that there were many Administrative Tenure Recommendations. Board Member Mary Anne Holleran inquired as to the method used to obtain substitute teachers and stated that degreed and certified should be called first. Mary Anne stated she is concerned the impression the community is given when a non-degreed or non-certified substitute is called over a degreed or certified teacher to sub in a classroom. Judy stated that non-degreed and non-certified substitutes are called last.
