Mr. Jay Hillman
Director of Facilities
Horseheads School District

Dear Jay,

As discussed previously, last February, I met with representatives of the Horseheads school district at the Big Flats Elementary School to discuss a proposal involving the contribution of funds by the Big Flats Youth Basketball League (BFYBL) to offset the cost of procuring new, side-ways retractable, adjustable basketball backboards and rims at the Big Flats Elementary School.

Soon thereafter, we received a \$6,690 quote for the backboard and rim system. Separately, a quote was obtained to remove the existing backboards and relocate them to the south wall in the gymnasium. The latter quote was \$1,800 for removal and \$5,100 for relocation.

Since then, the original quote received for the backboard and rim system has been increased to \$6,900 and you have graciously offered to use the district's resources to remove the current backboard systems, cut them to size, and then re-install them on the south facing walls in the gymnasium at an 8-foot height.

This proposal has been reviewed by the BFYBL board on a number of occasions and the BFYBL board has resolved to contribute up to \$7,500 to fund the costs associated with procuring the new backboard systems. We have discussed using the mid-winter school break period as an ideal time to install the new systems, subject to approval of the school district. If further information is needed from BFYBL, please do not hesitate to contact me.

With regards
