Board President's Remarks

President Lynch welcomed everyone to tonight's meeting and extended a special welcome to the new Board members. He thanked them for giving their time and dedication to the staff, students, Board and the Horseheads community. He stated it is a lot of commitment and hard work. President Lynch stated we had an excellent Board this past year and am looking forwards to a new year with new ideas and another excellent year of accomplishments. He thanked the Board for re-electing him as Board President.

Agenda Changes

President Lynch stated there will be an Executive Session will be held tonight to review CSE recommendations.

Questions and Comments from the Public

Ray Cass, 22 Redwing Lane, inquired as to the procedure from going to a paper agenda to a paperless via the computer. He stated when sitting in the audience, it will be hard to follow as it is not directly in front of them. He further stated that at other meetings he has attended, members from the audience are permitted to ask questions pertaining to a specific agenda item when it is being discussed, yet this Board forbids it. However, at the last Board meeting a member of the audience was permitted to comment on an item as the discussion was taking place. He stated people should not start speaking unless they are invited to do so by the Board. President Lynch stated that he invited Mr. Lively to speak on this specific topic as he is a newly elected Board member and this topic will specifically affect him once he is on the Board.

Lori Cass, 22 Redwing Lane, asked for clarification regarding the positions of Director of Elementary Education and Director of Secondary Education. Superintendent Marino stated these are two newly created positions to replace three positions that are no longer in the District. The Director of Elementary Education will work with Grades K-6 and the Director of Secondary Education will work with Grades 7-12. She also inquired as to the dress code at the High School. A student wore inappropriate shorts and made the comment that at the High School students are able to where whatever they want. She further stated It isn't like the Middle School where there is a dress code. President Lynch stated this will be looked into.

Awards, Honors and Recognition

Director of Athletics Scott Williams recognized and presented Senior Eddie Sparks with a plaque for placing third overall in the Pole Vault Competition at the New York State Meet. Eddie beat the previous Horseheads school record of 12 feet 7 inches as he vaulted 14 feet 6 inches. The District is very proud of Eddie and his accomplishments.

Superintendent Marino recognized the following:

- The Transportation Department Mechanics for having met the New York State goal of having at least 90% of the District fleet of busses pass NYSDOT's semi-annual bus safety inspections during the State Fiscal year 2008-2009. The District had 92.9% of its inspections pass which is a huge tribute to our six mechanics. He is extremely impressed with the skill of these men.

She will attend the Summer Institute from July 6th through the 31st, earning six SUNY Cortland graduate credits for her efforts. Dr. Marino is very excited for her and proud of this accomplishment.
- The High School has 183 students who have registered for 4 RIT college credits over the past ten years. This year 25 students who took the class, achieved the 85%, SAT for college and paid for the credits they earned. Superintendent Marino is very proud of Mr. Malloy and the Technology Department.
- The District has had two photos in NYSSBA's On Board newspaper. One was from the Strategic Planning and the other was our teacher of the year, Vicki Mike. Superintendent Marino is very proud that the District has been published in such a highly read educational newspaper.
- Jennifer Laviola and Caleb Strobe who are this year's recipients of the New York State Active/Healthy Student Awards. The award is sponsored by the New York State Association for Health, Physical Education, Recreation and Dance. The two students were nominated by the District's Physical Education staff. President Brian Lynch submitted the revised 2009-2010 Board of Education Meeting Dates for Board action. He stated the Wednesday, April 28th, meeting is coinciding with the GST BOCES Special Meeting/GST BOCES Administrative Budget Vote and election of BOCES Board members.

Proposed 2009-2010 Board/District Goals

President Brian Lynch presented the 2009-2010 Board/District Goals for discussion only. The Planning Development Committee has spent a lot of time putting together the tentative goals. We had six goals the previous year and thought we should reduce it to four goals this school year. These are very valuable goals and it is our hope that this list can be given to Barry so that he will be able to prepare for the Board's August 3rd Retreat.

Board Member Mary Beth Frederick stated the New School Board Academy is a two-day event and that the "fiscal responsibility" portion of this training is a requirement of all newly elected Board members and should be included as a separate item/goal. She stated time should be established in the Board meeting to go over some of the highlights to share information that was obtained at the workshops from those who attend the event.

Vice-President Michael Buck suggested that in Goal No. 3, "Improve communication effectiveness with Key Stakeholder Groups," should be changed as follows, "Improve communication effectiveness with All Stakeholder Groups." Also, under Goal #4, the second and fourth bullets need to either be reworded or make them measurable. Board Member Pam Stollo agreed with Vice-President Michael Buck that Goal #4 needs to be worked on. She stated there are some considerations legally we have to take into account for as further discussions are being held.

Board Member John Lively stated in Goal #3 the wording should be changed to Web Based Board Meeting.

President Brian Lynch stated the goals can be kept as is for this year and will be brought in front of the Board for action at its next meeting.

Board of Education Sub-Committee/Liaison Interest

President Brian Lynch stated we will maintain all the current Sub-Committees that we presently have. He would like to have everyone review the list of Subcommittees and rank in order the top five that each member is interested in serving on and submit to either Ralph Marino or Cathy Knowles by noon on Wednesday, July 8th. This will be on the agenda for the first meeting in August for Board action.

Interim Chair Mary Beth Frederick stated the Committee met in June. Dan Delorme sent a letter to all the staff asking them to remove all their personal belongings such as appliances and heaters to conserve energy standards in the classroom. The primary safety issue revolved around the use of extension cords in the classroom. Superintendent Marino stated this item is not presented as a policy because it is a time sensitive issue and is more of a regulation than a policy. He further stated by law we need to maintain the classrooms at 65 degrees. Board Member Jim Jacobus inquired as to what is being done to maintain the air conditioning in the schools. Superintendent Marino stated there is no change. The air temperature can be reduced if necessary. Board President Brian Lynch inquired if personal appliances can be used if they are part of a teaching plan. Superintendent Marino stated as long as it is part of the education of the student it is allowed.
