MOTION CARRIED

Board President Brian Lynch brought the Board of Education Committee Assignments for 2012-2013 to the Board for Board action. Brian stated that we wanted to discuss and approve them early this year as there is a lot of work to do to get started and some Committees may want to start early.

Suggestions for Board of Education Meeting Presentations for 2012-2013, Including School Presentations

Board President Brian Lynch presented the Board with a list of Board of Education Meeting Presentations for 2012-2013, including School Presentations for discussion only. Brian stated upon Board approval, Superintendent Dr. Marino will take the ideas to the Principals so that they can share them with their Site Based Team.

Board Member Jim Jacobus would like to see under Goal #2 Student Achievement--how the schools intend to meet this Goal.

Board Member Ruth Miller stated she would like to see how the implementation of the new curriculum is working. Ruth also stated she still would like to see the special programs, such as school plays, etc., reported upon at the presentation as the information isn't always on the school calendar.

Board Member Pam Strollo stated she would like the schools to showcase best practices which is important for the Board to see and to spread the word of how they are being accomplished in the various schools.

Board Member Mark Brinthaup stated that he would like to hear an update on the implementation of the new Math Program at the Middle School.

Board Member Warren Conklin inquired if the Board had determined if we were going to accept some form of recommendations where we might be comfortable with cuts being brought up during the school's presentation. Board President Brian Lynch stated that the school presentation would not be the appropriate forum for this discussion. However, Dr. Marino's Superintendent Chats that he holds throughout the school district and the community is the appropriate forum where it will take place.

Superintendent Dr. Ralph Marino stated that we still need to have a presentation on the Professional Development Plan(PDP) for 2012-2013 and the Employee Performance and Evaluation Process. After a thorough discussion, it was decided that this topic will be presented in December. Dr. Marino stated that English as a Second Language Teacher Cynthia DeRichie would like to be added as a presenter during the month of October. Cynthia will host an educator from Thailand in October, showing the educator our educational system, community and points of interest across the region and would like to bring the educator and three other guests to the October Board meeting.

The Board agreed that they would like to continue to see the school presentations be made up of the uniqueness of their individual school(including reading, character education, etc.), how they are addressing the challenges that are being presented to them and best practices they use, showcase the technology they are using and how they tie their curriculum and activities in with the Exit Outcomes or 21st Century Learning. Board President Brian Lynch will finalize the 2012-2013 Board of Education Meeting Topics/Presentations to bring to the Board at its August Board Meeting for Board action.

Proposed Change in Hours for the Annual School Budget Vote and Election of Board of Education Members

Board President Brian Lynch and the Board discussed the proposed change in hours for the Annual School Budget Vote and Election of Board of Education Members. Brian stated that the Finance Committee previously looked into this topic. Horseheads is the last district to close its voting booth and Brian suggested that the Board consider cutting the timeframe back one hour which will mean the vote would be from 7:00 AM – 8:00 PM which means we would close at the same time as the other districts. Superintendent Dr. Ralph Marino stated that the number of people voting has dropped significantly since we no longer hold music concerts on the night of the vote. Also, there is not a high volume of people who vote during the 8:00 PM – 9:00 PM timeframe. Board Member Doug Johnson stated he is not in favor of reducing the amount of time that people can vote and is in favor of keeping the booths open until 9:00 PM.

MOTION CARRIED

Director of Human Resources Judy Christiansen brought Current Board Policy 4770 and Proposed Replacement Policy: Graduation Requirements to the Board for Board action. Judy stated the first reading of Current Board Policy 4770 and Proposed Replacement Policy: Graduation Requirements were presented at the June 21st Board meeting. Newly Proposed Board Policy 5130: Compulsory Attendance Ages

Director of Human Resources Judy Christiansen stated the first reading of this Newly Proposed Board Policy 5130: Compulsory Attendance Ages to the Board was presented at the June 21st Board meeting. However, since that meeting, the Committee met again and noticed some confusion in the wording of the Policy. In order to be consistent with schools around us we want to bring the mandatory drop-out age to 17. Board Member Ruth Miller stated she is in favor of this. Board Member Mark Brinthead inquired if the primary intent is not to allow someone in a neighboring district to be able to transfer to Horseheads so that the student is able to drop out of school a year ahead of another district's policy. Superintendent Dr. Ralph Marino stated that we want our District to be consistent with the surrounding districts around us and move the drop-out age to 17. This will be brought to the Board at its August Board Meeting for Board action.
