Agenda Changes

Board President Pam Strollo welcomed everyone to tonight’s meeting stating the Board just came from Executive Session. Pam stated there will be an addition of Agenda Item 9.12 – Recommendation of Construction Management Services RFP Award and Executive Session will be held directly after the Board Meeting to discuss CSE/CPSE/504 Recommendations.

Community Questions and Comments

Board President Pam Strollo explained the procedures for the Questions and Comments Section for those who are new at tonight’s meeting. There were no Questions or Comments from the community.

Student Representative Report

Board Student Representative Matthew Minor reported on various events and activities at the High School, including the end of the 4th Marking Period and Semester on January 23rd, Regents exams, snow day, second semester beginning on January 31st, Career Resources and Parents’ Night on February 1st, Black Light Dance on February 3rd, Report Cards February 8th, and Candy Gram Sale. Matt congratulated the Wrestling Team on a great season including the STAC West Championship, Girls Varsity Bowling Team as they head to the STAC West Championships and our music students for their great concerts, including the Grade 6 Concert that was held last week. Matt also acknowledged the High School Staff and Administrators for the great job they did handling the power outage last Wednesday.

Presentations

Big Flats Elementary School Presentation: “At Big Flats.....Our Mission Is Possible”
 Big Flats Elementary School Principal Liz Scaptura welcomed the Board and public to Big Flats Elementary School’s Presentation: “At Big Flats.....Our Mission Is Possible” and acknowledged the staff, students and parents for attending tonight’s presentation.

Through a video, teachers and support staff told the Board that they accept the mission “of providing effective and fun learning opportunities to students, and students described those opportunities and why they like their school”. Principal Liz Scaptura explained that the school is working on a new mission statement, which is where their “mission impossible” idea came from for their report. On the video, students talked about what they’re learning in the classroom, what’s happening in the Library with the use of Brain Busters, and exciting activities such as yoga, coding, push-up challenge, board games they’re learning, technology integration and giving. The fourth-graders’ worked with the Town of Big Flats on a new community playground was presented along with the integration of technology to better prepare the students for the future.

Art Teacher Joanna Martinec worked the Board through a demonstration viewing the video of student artwork. Principal Scaptura stated that the students have a great time creating artwork with the use of technology and are currently working on the creation of a Pinball Machine using legos.

Parent Teacher Organization President Melissa Morrissey described the work and mission of the PTO stating that it is of the utmost importance to do everything possible to enhance the students’ learning environment. First and foremost she began by thanking the many PTO volunteers who give of their time and resources generously, making their activities and support of the school possible. Melissa described how the PTO supports the school through various fundraisers such as Scrip, Box Tops For Education, Ink Cartridge Recycling, and their major fundraiser, the Winter Carnival. Other activities they sponsor include the Welcome Back Party, Color Run, Spelling Bee, Innovation Night, Field Day, Spirit of Giving, and Staff Appreciation Party. Melissa stated the PTO has provided the school with classroom and art room supplies, playground equipment, musical instruments, and books for students.

The Board commended Big Flats Elementary School for an incredible presentation stating that Big Flats Elementary School is definitely changing the schools’ education with the times and acknowledged the importance of knowing coding and technology as that is the future. The Board also noted that it is wonderful to see the students’ excitement in the classroom and throughout the school and acknowledged the staff for going above and beyond to foster the students’ growth academically, culturally and socially. The Board also noted the many wonderful activities, including creativity and interdisciplinary learning, the sense of community and community services that are instilled in the students which is really creating a well-rounded student within our school and community.

Superintendent Report

Superintendent Report

Superintendent of Schools Dr. Thomas J. Douglas discussed recent issues at the Middle School and in the District, including the unexpected power outage at the High School and Center Street and the safety concerns at the Middle School. He thanked everyone for their vigilance and work to ensure the safety of all of our students and staff. Dr. Douglas emphasized that the public understand that the District cannot share all of the details of a situation, but he is trying to be as open as possible and reiterated that he takes the issue of safety personally, and he hopes these situations are behind us so that the District can focus on education. Dr. Douglas thanked Sue Pirozzolo and the Administrators for their assistance in the handling of the communication to staff and parents.

Cont’d

Dr. Douglas discussed the January 31st meeting for staff to share information and ask questions on the District Infrastructure and Planning for Horseheads 2030. He stated all future Infrastructure Meetings are open to the public and staff members are welcome at all of them, but the January 31st meeting is for staff specifically. He also noted that applications for the Education Committee are due January 31st.

Dr. Douglas also reported that staff members had sent letters to the Board regarding the Federal Education Secretary Nominee, asking the Board to pass a Resolution opposing the nomination. Dr. Douglas noted that the Board had previously stated that they wouldn't make Resolutions regarding political items and that any Resolution to come to the Board needs to be presented early enough so the Board can discuss it. He also noted that the organizations the Board and Administration belong to have been making statements about the nominee.

Dr. Douglas commended the State Education Department for allowing the rescheduling of Regents exams for Districts who must close school due to weather. He also congratulated the District's Wrestling Team as well as the Music Department and noted that many schools, students, and staff will be participating in the March 11th Horseheads St. Patrick's Day Parade.

Board Report

President's Report

Board President Pam Strollo thanked fellow Board Members for attending several Special Board Meetings this month, for the important work of planning for Horseheads 2030. She also noted her appreciation for the communication of changes to the Regents and Local Exam Schedule due to the emergency weather closing Tuesday.

The Board also discussed reducing the number of polling places for public votes from three to one. After a brief discussion, the Board decided informally to keep the number at three for this year and research it further to see if changes will save money and time.

Committee Reports

Audit Committee

There wasn't a Report.

Policy Committee

Chair Doug Johnson reported on the January 5, 2017, meeting of the Policy Committee and stated later this evening under Correspondence for Action Policies will be presented to the Board for Board action and also for a first reading.
